CANDIDATES CELL PHONE OR EMAIL INSTANTLY

Step 1.

Post your next job on video with JobBeam

JobBeam® connects real people to real jobs all over the world with video job postings and resumes. It's simple, fast and efficient. Simply use your home video camera or cell phone camera to shot your video, then up load it to our JobBeam site. Research shows employers and job seeker videos on JobBeam get viewed 35 times more frequently then standard electronic postings.

Post a video of your workplace

Post a video of your work environment to help entice the right applicants to apply. This helps you save time and money with your job search.

All videos here are actual client videos on our site. Applicants can apply to your job posting with a simple click of the mouse.

Tip: Every workplace is unique. Videotape your office environment will help entice the right candidate to apply to your posting as in video 2 and 3 above.

Step 2.

View potential candidates

We have thousands of videos and are adding more every day. Select and filter as per your specific requirements which saves you time and money in recruitment.

Job seekers can upload a video resume as well as a standard e-resume to our site. Job seekers make changes to both as often as they wish.
